As water sector leaders we understand and acknowledge the value of collaboration – especially as it relates to our shared representation of our members. In support of such efforts, and for the good of the water sector, our respective members and the public, the undersigned organizations endorse the following future annual dates of Water Week in Washington DC. With this endorsement we will endeavor to plan and implement collaborative and individual organization advocacy and public policy awareness initiatives, coordinate logistics (including hotel arrangements), meeting arrangements, and advocacy themes to increase our collective impact during Water Week.

Water Week 2020: April 26 – May 2, 2020

Water Week 2021: April 25 – May 1, 2021

Water Week 2022: April 24 – April 30, 2022
